

<b>Head of Department :</b>	Mr S Lawrence	<b>Exam Board :</b>	Edexcel	<b>Level:</b>	BTEC
-----------------------------	---------------	---------------------	---------	---------------	------

40% External Assessment (2 exams 1 controlled assessment)  
60% Coursework

Throughout the course students will complete 8 units that will cover some of the following areas:

- Anatomy for Sport and Exercise (Exam in May/June 2018)
- Physiology for Sport and Exercise (Exam in May/June 2018)
- Fitness Testing
- Sports Psychology (Controlled assessment January 2019)
- Research in Sports and Exercise
- Sports Massage
- Sports Coaching
- Research Project

Coursework units will be taught by PE staff and followed by a period of time where students will work towards assignments. On average, students will complete one assignment each half term. These will take a variety of forms, including written essays, presentations, and research projects.

The course will provide students with the equivalent grades of two A-Levels, and the ability to apply for a sports-related course at most universities.
